EXPRESS NEWS SERVICE
CHANDIGARH, NOVEMBER 2

Panjab University and the National Institute of Advanced Industrial Science and Technology, Japan, signed a Memorandum of Understanding (MoU) here on Monday.

The MoU was signed during the Annual Conference of Indian Academy of Neurosciences, which concluded at Panjab University on Monday. PU and National Institute of Advanced Industrial Science and Technology, acting through its Biomedical Research Institute (BMR-AIST), agreed for academic cooperation between the two leading organisations of India and Japan.

The Advanced Industrial Science and Technology (AIST), one of the largest public research organisations in Japan, has been

Dr. A. K. Bhandari

Dr. Y. Ohmiya

Dr. A. K. Bhandari and Dr. Y. Ohmiya exchanged information on teaching, learning, mutual and other issues also relevant to the educational and research programmes.

They are likely to jointly organise seminars, conferences, workshops on topics of mutual interest and to invite each other's researchers to participate therein.

PU and AIST have also jointly proposed to engage in research and training programmes sponsored by funding agencies and to invite researchers to participate in them. PU and AIST have also agreed to exchange research students for limited research programmes.

According to Bhandari, BMR-AIST has
