

Mentor Meeting- 18

2017-11-26

Sunil KAUL, Renu WADHWA, Durai SUNDAR, Vidhi MALIK, Jaspreet Kaur DHANJAL and Navaneethan RADHAKRISHNAN
at
DAILAB IIT Delhi, India

Vidhi

- Presented work on potential of withanolides to act as PI3K & mTOR ATP kinase inhibitors.
- Discussed following points that were raised in Mentor meet-17
 - i. Check the commercial availability of withanolides used in PI3K pathway studies.
 - ii. Possible assays to validate their kinase inhibitory activity.
 - iii. Cancer cell lines used in studies for PI3K/mTOR dual inhibitors.

Navaneethan

- He gave a brief update of his work and possible projects for his Ph.D. thesis were discussed.
