

DAILAB PIKNIKH Series XI

October 21, 2016

IAN 2016 Conference

molecules
to mind
2016

34th annual meeting of
Indian Academy of Neurosciences

Organized by:
National Brain Research Centre
Manesar, Gurgaon, Haryana (India).

14.15 – 16.00 hrs.

Symposium 11

Hall B

IAN - FAONS Symposium - Brain Health - Hypes & Hope from Herbs

Chairpersons: S Kaul, National Institute of Advanced Industrial Science and Technology, Tsukuba, Ibaraki, Japan
R DeSilva, University of Sri Jayewardenepura, Nugegoda, Sri Lanka

MK Thakur, Banaras Hindu University, Varanasi
Memory enhancement by Ashwagandha leaf extract

R Wadhwa, National Institute of Advanced Industrial Science and Technology, Tsukuba, Ibaraki, Japan
Herbal solution to stress and neurodegeneration - molecular mechanisms

Y Onishi, National Institute of Advanced Industrial Science and Technology, Tsukuba, Ibaraki, Japan
Herbs for circadian rhythm

D Sundar, Indian Institute of Technology Delhi, Delhi
Computational Insights in to the bioactivities of withanolides

M Doi, National Institute of Advanced Industrial Science and Technology, Tsukuba, Ibaraki, Japan
Novel screening system to identify herbs to fight neurodegenerative diseases

M Kaushik, Tsukuba University, Japan
Somnogenic component of Ashwagandha: an alternative insomnia therapy

G Kaur, Guru Nanak Dev University, Amritsar
Molecular insights in the multifunctional neuroprotective activities from Withania somnifera leaf extract

R DeSilva, University of Sri Jayewardenepura, Sri Lanka
The neuroprotective role of Ceylon tea, coffee and green vegetables

IAN 2016 Conference
