

Department of Chemical Engineering

September 28, 2012

Sub: Undergraduate Curriculum Review

With reference to your letter dated 10th September, 2012 on the above subject, the matter was discussed in DFB meeting held on 19/09/12. The extract of the meeting is as follows:

“The Faculty Members were of the view that the Department should continue with its Dual Degree Program based on the allotment at JEE level. The minimum intake of the students to the Chemical Engineering Program will be 100 while the maximum will be 125. The ratio of the students admitted to the B.Tech. and Dual Degree Program will be 60:40. There should be exit policy for the Dual Degree students”.

S. Basu
Head of Dept.

Dean (Academics)
