

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Date: - 1.3.2013

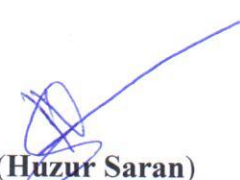

Subject: - Undergraduate Curriculum Implementation – matter for discussions in Departments

Please refer to the above cited circular from your office. Feedback from our Department is as under:-

1. Matter regarding tutorials:

We do not agree that there should be a blanket Ban in tutorials in 3rd and higher year courses. Since the need of tutorials depends on the subject matter, the departments should be asked to review and see if the tutorials can be replaced by other pedagogic means. In our department for instance tutorials have been dispensed with in many courses --- there are some highly theoretical third and fourth year courses where tutorials have been found necessary and useful and we do not think that these can be dispensed with.
