

Publications in Reviewed Indian Journals

1. Naqvi, T., Datta, T.K. and Ramana, G.V. "Fragility analysis of flexible base buildings building frame", The IUP Journal of Structural Engineering, vol. III(4), 7-25, 2010.
2. Naqvi, T., Datta, T.K. and Ramana, G.V. "Seismic risk analysis of Building Structures" The Bridge and Structural Engineer, ING-IABSE, 40(2), 18-25, 2010.
3. Kumar Deepak and Datta T.K. "Stochastic Response of Nonlinear System in Probability Domain", Sadhana 31(4), 325-342, 2006.
4. Umar. A., Naqvi, S. Q. A., Seema and Datta, T. K. "Dynamic Analysis of a Taut Mooring System under First and Second Wave Forces", Jr. of Structural Engineering, vol. 33(4), 297-308, 2006.
5. Khan, R.A. and Datta, T.K. and Ahmad, S. "Dynamic Behaviour of Cable Stayed Bridges under Critical Parametric Conditions", Advances in Vibration Engineering, vol. 3(1), 22-32, 2004.
6. Umar, A. and Datta, T.K. "Estimation of Wave Forces in Finite Depth of Water – A Comparative Study", Jr. of Structural Engineering, vol.30 (3), 179, 2003.
7. Seid, Pourzeynali and Datta, T.K. "Finite Element Based Stability Analysis of Suspension Bridge Due to Flutter", Jr. of Structural Engineering, vol. 30(2), 101-110, 2003.
8. Umar, A. and Datta, T.K. "Dynamic Analysis of Moored Vessel", Jr. of Structural Engineering, vol.29 (4), 229-237, 2003.
9. Datta, T.K. "State of the Art Review on Response Triggered Control of Structures", ISET Jr. of Earthquake Technology, vol. 40(1), 1-17, 2003.
10. Agarwal, A.K. and Datta, T.K. "Response of Multiple Supported Secondary System on a Torsionally Coupled Yielding Primary System", Advances in Vibration, Engg, vol. 2(4), 281-305, 2003.
11. Agarwal, A.K. and Datta, T.K. "Behaviour of Secondary System mounted on Torsionally Coupled P-System under Random Ground Excitation," ISET Jr. of Earthquake Technology, 36(1), 27-42, 1999.
12. Datta T.K., Bisht R.S. and Jain A.K. "Stochastic Response of Guyed Tower under Second Order Wave Forces", Sadhana, vol. 20 (2-4), 513-528, 1995.
13. Jangid R.S., Jain A.K. and Datta T.K. "Dynamic Response of Non Classically Damped System", Jr. of Structural Engineering, vol. 21 (3), 177-184, 1994
14. Jangid R.S. and Datta T.K. "Seismic Response of Structure Isolated by R-FBI System", Bull. Ind. Soc. Earth. Tech., vol. 30(2), 47-60, 1993.
15. Sarkar P. and Datta T.K. "Elastic Minimum Weight Design by Dynamic Programming," Jr. of Structural Engineering, vol. 15 (3), 95-99, 1988.
16. Datta T.K., Talib S.J. and Dixit V.D. "A Computer Programming Method for Yield line Analysis", Jr. of Structural Engineering, 45-55, 1977.
17. Datta T.K. and Ambadkar R.M. "Optimal Design of Banded Slab with Mixed Boundary Conditions", Jr. of Institute of Engineers, vol. 57, 177-182, 1977.
18. Datta T.K., Dixit V.D. and Bhusari U.B. "Optimal Design of Two-Way Reinforced Concrete Slab with Banded Reinforcement", Jr. of Structural Engineering, vol. 2, 97-101, 1974.
19. Ambadkar R.M. and Datta T.K. "Recent Advancement in Ultimate Load Design of R.C. Slabs", Jr. of Technology and Engineering, 96-107, 1974.
20. Ramesh C.K. and Datta T.K. "Cracking in Reinforced Concrete", Indian Concrete Journal, 284-290, 1974.
21. Datta T.K. and Ratnalikar N.V. "Optimal Design of Reinforced Concrete Slabs", Jr. of Institute of

Engineers, vol. 54, 47-52, 1973.

22. Ramesh C.K. and Datta T.K. "Ultimate Strength of Reinforced Concrete Slab-beam System-A New Approach", Indian Concrete Journal, 301-308, 1973.
